Hi Elizabeth,

As a follow up to our discussion, in an effort to avoid several versions of the revised RER, Tierra plans to provide EPA with a schedule to complete a Response to Comment Document. Once we have agreed upon responses, we will revise the Remedy Evaluation Report and submit a RLSO document. Please let me know if this approach is acceptable.

Thanks

Hi Brian.

Please see the attached RER comment letter and comment table. The hard copy went out to you in the mail last night. I hope to get the O&M letter and comments out by the end of the month. Will keep you posted. Please let me know if you have any questions.

Have a good weekend,

Elizabeth
